

ILEGION

### PHYSICAL EDUCATION

The prime objective of Physical Ed. is to provide experiences which prepare the individual to live on

effective, well adjusted life within the framework of our society. P.E. is total education accomplished through physical means.

The Vocational Education department classes are designed as a realistic approach to specialized training

which goes beyond the general educational approach of the industrial arts classes.

### VOCATIONAL EDUCATION

The Business Department is primarily concerned with the student as an individual with specific needs for personal development, and as a member of an economic society in which he must learn to live and function.

### BUSINESS

### SOCIAL SCIENCE

The Social Sciences Department provides the opportunity to gain an understanding of those basic principles of

human behavior and interaction upon which society is based.

### ART

Art at Layton takes more than the purpose of self expression for justification of it's neccessity in the school. Preparation for further study in advanced professional

backgrounds is also a goal for students of high capability. The program is well rounded to suit the needs of all students.

The Music Department at Layton High School is strong, especially in vocal music. The Laytones and Acapella Choir represent

Layton well on the State and local level. The Concert and Jazz Bands are growing and showing signs of promise.

In order to communicate and harmonize with his surroundings, man must be able to relate to them. The Drama Department provides an opportunity for the

student to increase his/her Thespian skills and, at the same time, learn about different people and the roles they play in society.

DRAMA

### HOME ECONOMICS

The Home Economics Department at Layton High is designed to offer a wide range of useful learning

experiences aimed at the development of a successful home life in the future of the students.

There are many different organizations at Layton High, representing wide variety of interests. Most students are in at least one club, with some busy students joining as many clubs as possible

Most organizations contribute to the growth of the individual as well as cultural enrichment of the school and community

We at Layton High are proud of the high quality of our organizations

# LAURENT BRUNET FRANCE

This stay of a year in the state of Utah allows me to express my feelings about this different style of life. For me the American concept of school is a good solution to the problem of education. But first of all Layton High School appears to be a nice place where I met a lot of people and good friends. This year has been the greatest part of my life till now, and I think that will be very helpful for me in the future

### SODHIA LAMPTEY

#### CHANA, WEST AFFILIA

My name is Sophia Lamptey. I am a Foreign Exchange Student from Ghana, West Africa. Education over here in Layton is really fun with all the various activities going on. The football team and girl's volleyball team especially, have done a great job this year. With courage and hard work they have brought honor and joy to this great school of ours of which I am proud to be a part of. For the year that I would be spending in the states, I hope to enjoy myself in Layton High

Thank You

#### SOUTH AFLICA

I'd just like to thank everyone, especially my friends for making this year such a great experience for me. Admittedly, I didn't know much about Utah, and nothing about Layton, when I arrived, but since than I've learned a great deal about your way of life and ideas and I hope I've left you with a wider knowledge of mine and to the class of '79 ... good luck for the future

# BYE BYE BIRDIE

Bye-Bye Birdie centers on a nationwide contest to see which teenage girl will get the final kiss from Conrad Birdie, a rock kid who is being drafted. Kim is selected, and many misadventures follow.

The play, a Broadway hit musical and major film, was originally written about an Elvis Presley-type rock singer, Conway Twitty, who had numerous pop hits before becoming a country singer

#### ADMINISTRATION

The Layton High Annual Monopoly Marathon was held as usual and with a great deal of enthusiasm on the part of the observers as well as the participants. The participants braved the twenty-four hour time period with exceptional endurance. Despite enormous distractions (girls, basketball, balltag, etc.) they endured the allotted time period

#### USU BRIDGE CONTEST

The USU sponsored Bridge Building Contest heid annually at Layton is an opportunity for the students enrolled in the Physics program to put their knowledge learned in class to use in a simulation of a practical application. The three main axioms of a bridge which is a contender in the competion are: 1) Design, 2) Construction, and 3) Wood Strenth. Design and Construction are up to the builder, and the competitors often buy several kits in order to choose the best wood from each kit Members of the half ton club this year were Dr. Malcom Harvey, Eric Felt, Douglas Thompson, and Neil Madsen, Participation this year was excellent this year, but more participation is always wanted, and prize money was offered as an incentive this year as always

Sports and the Lancer
Tradition have always been
synonomus. This year's sports
activity was highlighted by
Layton's first State 4A
Championship ever. The Athletic
Program at Layton has been
headed by a strong team of
coaches, and has had the loyal
support of the studentbody

Layton's achievement in athletics helped the school realize it's theme of TRIUMPH

### THOUGHTS ON TAKING STATE

'I have been quoted as saying that Layton High should win first place in anything that they enter. This is not quite true, because if our students perform at their best I will be satisfied

The State Football Championship was really something special. Our team was not only for themselves and the school, but for all of the players who tried and came up a little short

It is especially gratifying to me after thirteen years and during the last year at Layton High School. Thanks guys."

Mr. Barber

"Winning a State Championship is the ultimate for a High School Coach and athlete. It is a great thing for a school, community, and the individual athletes Everyone benefits from success. One of the things that has been so great is there were so many people part of winning a State Championship.

Coach Gary Hansen

"Winning State was the biggest thrill of my life. It paid off for al those long practices and hard work After we had won, all the sweat, pain, and soreness went away. I will always remember Layton High and the players who contributed to that State Championship Team, and especially Coach Hansen who worked so hard and so long to win it."

Mark Vigil

"You learn the pain in practice when you work so hard that your stomach starts to cramp and your legs feel as though you're carrying someone on your back. But when it's game day, whether you play or not, and the last few seconds tick off, and your team is ahead, it all seems to be worth it. Because the feeling is one of the best you'll ever know

David Burke

"It's an experience that unfortunately not everyone can experience like the player himself, because along with the glory and prestige of this priceless dream come true, it takes hard work and dedication. The best thing about it is that the memories will last forever."

Chuck Ehin

"I felt very proud, for we had set out as a whole to accomplish one main objective and we succeeded in acquiring that objective."

Jay Moore

#### STATE

September Came ... And with it the sweat the sprints ... and the determination Thoughts of last year .. lying in tears on the Astro-Turf ... Never again

Thinking back to little league, the goals and fulfillment
A ten year olds dream

Coach Hansen, all of them deserve it ... They'd come so close so many times before

For Mr. Barber . . . for the whole school
For The Blue and Blue
The trophy is gold, and gold too are the memories
The realization of a promise made in August

Fifty guys, determined and proud November 17, 1978 A DAY TO LIVE FOREVER

Brandon Flint

"I feel this years team was the best ever. Everybody worked together, and we were all after the same thing. State 78-79. We reached our goal, It's one of the greatest feelings you can ever experience

Todd Stapley

Of all the triumphs and high points of this year I would have to say that the one event that truly made 1978 79 the year of the Lancer was taking state in football. As a cheer eader. Ilearned more about our team and the game than just common knowledge. I remember how as we prepared for those final games, we did everything possible to help them, and they did. I felt the tensions and hopes in our team as we screamed for them and sometimes even cried for them. But we never lost hope, and never quit. For we all loved our team and knew they were winners. We had much respect for all the coaches, especially Coach Gary. We could feel how much we all wanted it is the team coaches, student body, and fans. And we were all there, yelling our team on to victory, all proud to be cancers. And in the end, as we poured out of the stands onto the field hugging one another, we realized all our hard work and sacrifice had paid off. It had been worth it all. For when we came home, bearing that State Championship trophy, we proved what we had known all the time- that we the Layton Lancers, are truly number one.

#### A CHEERLEADER

Being a cheerleader gives you a sense of satisfaction. When you stand up in front of a crowd and get them to cheer with you, and get them excited, you feel like you have accomplished something.

But is takes a lot of work to reach that satisfaction. There are many over-time hours put into it, and a lot of planning and organization. You have to learn how to work and get along with other people. You have to work much harder to please others, and you have to bend over backwards to show them you are a person too

But it's worth it to see the school improving and the student body involved in school activities.

"This could be your body."

Who named this section anyway? Isn't Student Life a bit like saying "Little Giant" or "Living Death?" Show me a student who lives, and I'll show you someone who isn't a student in the true sense of the word

Steve Christensen

The life of the student at Layton High is filled with opportunities for fun as well as education. Lunch periods allow time for socializing, and extracurricular activities allow the student to relax and be himself while supporting the school at the same time

## SHAKESPEAREAN FESTIVAL

The sophomore sponsored Shakespearean Festival went smoothly this year and was well attended. The annual festivities were well done and organized by students as well as teachers

The scenes of Shakespeare's most famous plays were well done. Included were Macbeth, Remeo and Juliet, Midsummer Nights Dream, Othelio, and Taming of The Shrew. The Wax Museum was well done, and the halls were well decorated and active with food sellers, singers.

and dancers.

I'm Macho how about you?

Before ... After

Another exciting class!

and you know where he told me to put it?

Scratch behind my ears. I purr

Just one more week and the Tucker will be over

Our camere's better than your camera!

Would you look at that centerfold!

## TEACHER'S LAMENT

Through the hottest days of August As the last week draws up near, I often get a nervous twitch And strange sounds I can hear

My thoughts then slowly shift away From summer jobs and tans, And the importance changes quickly Toward drawn out lesson plans.

The twenty-eighth soon rolls around And now I'm standing there In front of forty faces, wondering If they really know I care

The football studs and cowpokes stare I hope I'm getting through Just when I think I'm getting there I see a stifled yawn or two.

"Is that assignment due today?"

She says with a look of fright,
"You won't believe this, I know you won't,
but my gerbil ate it last night."

"I just can't write the way you want And do my homework too Even though I missed ten days, Please, can't you slide me through?"

Then as the school year moves along As day sups into day, October shows unexpectedly Thank God for U.E.A.!

Soon I start to really wonder Graduation day draws near Was it worth the work and time? Maybe not, I fear

A spark of hope and wonder! Education is not dead! A glint of a tear flashed in my eye "It was't that bad," she said

The end of May is finally here I lean back in my chair and sigh If only they could know somehow How really hard I try.

## IMAGINATION!

## LETTERS TO ICRNA DEAL WITH HANGUPS

I am a 36 pound weakling. People are always kicking sand in my face at the beach. They say I don't have any guts, What can I do to improve my physique? Slim

#### Dear Slim,

Eat lots of cabbage and drink lots of fruit juices. Take two aspirins and work out with weights

#### Dear Lorna

All the other kids make sport of me because I eat funny. No one likes me, and no one will sit by me at funch What should I do? D.M.

#### Dear D M

Maybe it's the food you eat. Try changing your diet. And brush your teeth

#### Dear Lorna

I have a terrible fear of sophomores. I avoid them in the halls. Even my dreams seem infiltrated with big bug-like creatures who crawl and squirm. Do I have a phobia? J K

#### Dear J.K.

No, not really a phobia. Take one out to dinner Your fears are justified

Dear Lorna,

Everyone makes fun of me because I am so close to my mother. Don't they know a guy's best friend is his mother. How can I make them big guys stop callin me "Mama's boy" and "Little Oedipus" and stuff? Elmer

Dear Elmer

First, don't talk to them about your mother. Second, keep your pictures in your wallet. Third, start using some dirty words. The rest will be easy

Dear Lorna,

I feel I have to be the center of attention. If I'm not the center of attention I feel rejected. What can I do so that I'll always be the center of attention? E.F.

Dear E F

Just keep on doing what you have been doing. You, do a good job

Dear Lorna,

We are Lancelles, we perform in football and basketball games, and everyone cheers for us. But at school in the halls no one will talk to us. What should we do! Lance les

Dear Lancelles

Let me recommend a book. How to win friends and influence people.

Wishing to remain anonymous, Layton students made the following statements about the sighting 1. Shazam, I could hardly believe my eyes
2. Me too!
3. Ditto!

# UFCOS ARE FACT!

Stunned Layton High students stare at UFO in unprecedented sighting

NOW IT CAN BE TOLD! The unexplained phenomenon, which has been going on for hundreds of years, has now been proved beyond a shadow of a doubt. Unidentified Fiying Objects, commonly referred to as UFO's doin fact exist. For the first time in history, hundreds of reliable witnesses have testified to the reality of the colossal sighting which or curred over Layton High School this spring. It was incredible is said. Ted Sherman. I could hardly be level my eyes. "My few in never be the same," said Kirk Bridgestine, shortly before he was admitted to the psychiatric ward. When asked why such an experience could be so mentally devastating to the human mind. Dr. the Roy Tuner President, and Head Examiner of the American Society of Psychiatry is mply shrugged his shoulders and said. That is the way the cookie crumbles. Danny Rid. principal witness was infloated, to the amazement of his friends, into a spacecraft and has not been seen since.

When questioned about the military implications of the spectacular sighting. H. Are Force Base officials make this unofficial statement. An Nuts! Unsatisfied with this answer the Legion Staff got tough and demanded an explanation of this authenticated and unretouched photograph taken by a yearbook photographer. Laughing off the question. HAFB officials made this judicrous statement. It appears to be an illusion caused by gas eminating from the vicinity of the school unch room. One witness, who was astounded beyond words had this to say about the unprecedented sighting. I always knew they were up there somewhere. What they are doing or what they want is only conjecture, but I know what I saw, and that's no gas!

#1 This man with his mind alone controls us! Even as I write I can feel him tugging on my mind; tempting, teasing, trying to keep me from revealing his true idenity But true reporting out weighs any personal danger that I may be placed in by printing th1s, It Must Be Told!!!!!! #2 His control is great. Whenever He calls he is answered! They leave all they have and are doing to come to him (Usually He cails girls) #3 He minipulates the masses #4 ... As well as the individual. There is no hiding from Him if He seeks you! #5 He even has devout followers who strain to hear his every word and Command

#1 Some try to refuse Him, but it can't be done!! There is no way out

#2 He directs monsters to strike where He wishes. His every whim is carried through to the last detail. He is all powerful!

#3 With His mind alone He can direct mechinical objects to respond to his call They go where they usually would not dare to tread!

#4 He has a private "Hotline" where his follwoers can go to recive orders, or just to tell Him their problems. (He's very understanding)

#5 The only thing that can stop Him is sheer willpower, we must rebell!!!! As you can see some are allready standing aginst him. WE WILL OVERCOME !!!!
